

"Nilla", our classroom guinea pig

Nilla is short for Vanilla. She was recently adopted from an MPE family and is used to being with her sister, so Kindergarten is new for her too. She will need lots of extra patience and love as she gets used to being around lots of little children.

You are welcome to take her home over a weekend. When you have her home over the weekend, here are some things you might want to know:

- 1) Please clean out the cage by dumping all the old bedding and putting new, fresh bedding in.
- 2) Fresh water in her water bottle
- 3) Fresh food in her food bowl
- 4) Timothy hay each morning.
- 5) She likes fruits and vegetables for snacks.
- 6) She will bite if she feels threatened/scared or smells food on you.
- 7) If you feel generous, we would love help purchasing her supplies during the school year (food, natural bedding, timothy hay and treats).

Thank You!
